

Baby Measuring Mat

Model : WMHM110M

Our Baby Measuring Mat provides a convenient and safe method of measuring a baby's height. Taking accurate measurements is as easy as laying the baby down on top of the mat.

The soft, flexible, vinyl mat is printed on both edges with measurements available in centimetres and inches. The rigid footboard folds to the bottom of the baby's or infant's feet and works with the headboard to ensure accurate measurements with instructions printed directly on the mat.

Ideal for use in paediatric practices, hospitals or during home visits by midwives and paediatricians, it can be rolled up into a small bundle for easy storage and portability.

FEATURES

- graduation in centimetres and inches along both edges for easy viewing
- rounded corners for baby's safety
- non-toxic and safe for baby's skin
- can be cleaned with medical wipes
- high-quality screen print
- instructional diagram printed directly on mat
- New Zealand Register of Medical Devices (WAND) #200824-WAND-6VABE3
- Australian Register of Therapeutic Goods (ARTG) # 329078
