

# Neonatal Baby Scale

Model : WMMS590015K

This digital baby scale features a curved baby tray to safely and comfortably hold babies during weighing. Highly accurate, the WMMS5900 Baby Weighing Scale is able to track even slight changes in babies weights.

Featuring a tare function allows the weight of a nappy to be tared and then removed from the total weight, a hold function that locks in a weight measurement even as the baby continues to move and milk intake function to assist in monitoring how much a baby has consumed during deeding.. WAND registered in New Zealand.
