

Platform Scale

Model : WS208300K

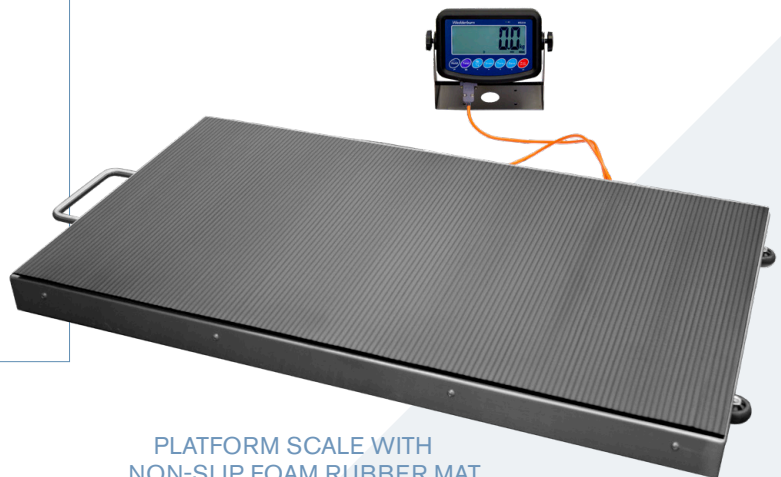

A multipurpose platform scale capable of weighing up to 300 kg. Featuring a large low-profile steel base with stainless steel cover, and many useful weighing functions, this platform scale is ideal for use in most industrial applications. The non-slip foam rubber mat makes it ideal for accurate weighing of small to medium sized animals in veterinary clinics.

The indicator can easily be fixed to a wall or left freestanding and the strong handle and wheels mean the scale can be repositioned easily by one person.

FEATURES

WS208300K
