

Handheld Label Applicators

Model : TWAP Series

Easy to use hand-held label applicator for accurate label placement. Models with the moveable built-in sensor provide increased precision when applying irregular shaped labels.

FEATURES

- different models support the use of label sizes from 25 x 20 mm up to 100 x 60 mm. This is governed by the length of label stroke and label width the applicator can accommodate.
- minimum 2 - 3 mm label gap required
- 20 - 60 mm label stroke in one pull
- no need for special punch, slit labels or separators
- can be used with labels of varied and unique shapes, including round, oval and other non-rectangular shape labels

VARIATIONS

Model Number	Sensor Type	Label Width (mm)	Max Label Roll Outside Diameter (mm)	Overall Dimensions (mm)
TWAPN-60	Non-moveable	25 - 60	100	80 (W) x 110 (H) x 290 (L)
