

# Professional Personal Scale

Model : TIWB380NP

The TIWB380NP is a low maintenance personal scale that delivers precision accuracy whilst weighing up to a significant 300 kg capacity. It is very easy to use and features a large, stable yet very low-profile platform which makes it easy and safe for your clients and patients to step on.

This highly accurate personal scale has a remote display, built-in BMI functionality and is portable which makes it incredibly versatile and ideal for use in a variety of healthcare applications. WAND Registered in New Zealand.
