

Label Applicator for Flat Products

Model : FLEX-MATIC

Label objects up to 6 mm thick quickly and with consistent wrinkle-free label placement. Capable of labelling up to 1,200 pieces per hour. This handy bench top label applicator is ideal for labelling flat objects such as; bags, envelopes, pouches and slimline CD/DVD cases.

Simply load the labels, set the coordinates for where you want the labels placed on the product, place the item to be labelled in the machine and labelling will happen automatically. Job done!

FEATURES

- quality steel construction with highly polished dispensing bars to ensure smooth flow of labels
- label flat objects up to 6 mm thick and up to 299 mm wide with a accuracy of 1.6 mm
- labels are fed at over 125 mm per second, allowing up to 1,200 pieces to be labelled per hour with average dexterity
- easy loading and removing of items being labelled
- digital display for easily entering or adjusting label placement settings
- net weight 19 kg
