

Mild Steel Trolley Weighing Scale Base

Model : WS01T1212MC0500

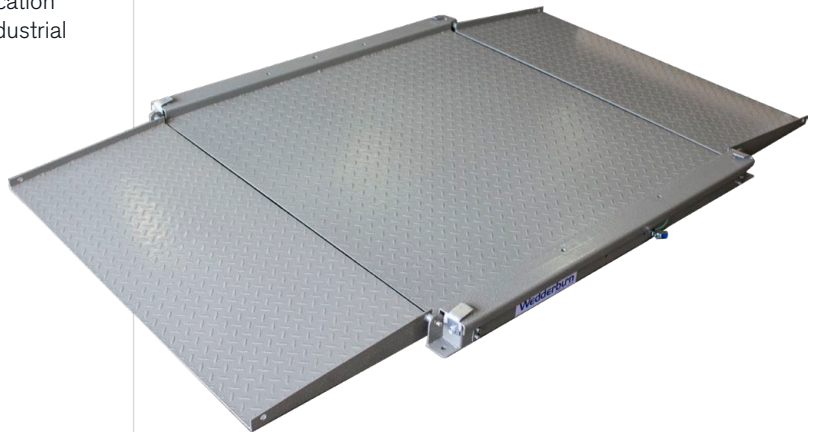

Robust industrial scale platforms with foldable loading ramps allowing for easy on/off access for safe and efficient weighing. These heavy duty scale bases are constructed from mild steel, feature IP67 rated load cells and are trade approved in New Zealand. The heavy duty frame is designed to be bolted in one fixed location.

FEATURES

- legal for trade use (TS1505.5)
- trade approval applies when connected to an approved indicator
- maximum approved divisions 3000 d/range
- solid robust mild steel construction with powder coated finish
- IP67 protection rating
- heavy duty frame designed to be bolted in one fixed location and provides additional robustness often required in industrial weighing applications
- low profile weighing platform (50 mm high)
- two foldable 500 mm long, on / off loading ramps
- 4 x 500 kg IP-67 rated tool steel load cells
- ideal for industrial applications requiring wheel on and off loading
- net weight 160 kg

OPTIONS

- wall or desk mounted display options

VARIATIONS

Model Number	Max Capacity	Graduation	Platform Size (mm)	Overall Dimensions (mm)
WS01T1212MC05000300	300 kg	0.1 kg	1,200 (W) x 1,200 (D) x 50 (H)	1,360 (W) x 2,206 (D) incl ramps
WS01T1212MC05000600	600 kg	0.2 kg	1,200 (W) x 1,200 (D) x 50 (H)	1,360 (W) x 2,206 (D) incl ramps
