

# Neonatal Baby Scale

Model : WMMS590015K

Our neonatal digital baby scales feature a curved baby tray to safely and comfortably hold infants during weighing. The 2 gram graduation below 6 kg allows tracking of even slight changes in a baby's weight.

Other features include Tare function allowing for the weight of a nappy to be subtracted from the total weight, Hold function that locks in a weight measurement even as the infant continues to move and Milk Intake function to assist in monitoring how much a baby has consumed during feeding. WAND registered in New Zealand.

## FEATURES

- ergonomically contoured baby weighing tray
- anti-tilt design
- hold, tare and milk intake functions
- AC/DC power adaptor (supplied) and battery (6 x AA size) operation
- New Zealand Registr of Medical Devices (WAND) 200824-WAND-64AB60
- Australian Register of Therapeutic Goods (ARTG) # 329077
- net weight 4.1 kg
