

Semi-Auto Food Slicer

Model : WFS35SAGB3R

Robust commercial grade, extremely quiet, semi-automatic food slicer with excellent features including a blade safety ring, salami holder and small footprint. The stroke length and speed of the carriage can be adjusted to suit the product being sliced according to its size and how delicate it is.

FEATURES

- large 350 mm blade diameter
- solid-state control panel impervious to water and resistant to harsh environments
- high capacity carriage for extra large cuts of meat
- integrated tilt-lifting device to enable easy cleaning beneath the carriage
- stow-away product holder for slicing flexibility
- patented Poly-V belt drive with automatic tensioner- NO belt slippage
- 3 carriage speeds and 3 stroke lengths allow efficient slicing of varying product sizes and how delicate it is
- 3rd generation blade, with low-friction cutting edge for precise low-force slicing
- separate sharpener: safe, effective and always at hand to regularly sharpen the blade
- salami holder: an additional adjustable "fence" to keep round products stable when slicing
- ample operator access for fast cleanup of food debris behind blade
- attractive highly polished aluminium alloy construction for easy cleaning and better hygiene

Blade removal tool pictured

SAFETY FEATURES

Blade removal tool for safe and easy removal of blade while cleaning.

Blade safety ring: the blade is completely shrouded by a metal safety guard.

Safety interlock: the carriage interlock does not allow tilting of the carriage unless the index knob is set to zero. This prevents the blade from being exposed whilst cleaning, thereby reducing risk of injury.

Power fail safe: if mains power fails and is resumed, the slicer will not start until the slicer "on" button is re-selected by the operator. There is no risk of the slicer starting inadvertently.

A large gap between the blade and motor housing allows easy access behind the blade for cleaning.

CE Approved: this means the highest standards of design and manufacture have been adhered to for optimal level of safety for the user.

SPECIFICATIONS

Model Number	Blade Diameter (mm)	Slice Thickness (mm)	Overall Dimensions (mm)
WFS35SAGB3R	350	0 - 25	577 (W) x 675 (D) x 560 (H)

FOOD EQUIPMENT

Semi-Auto Food Slicer

Model : WFS35SAGB3R

ADDITIONAL SPECIFICATIONS

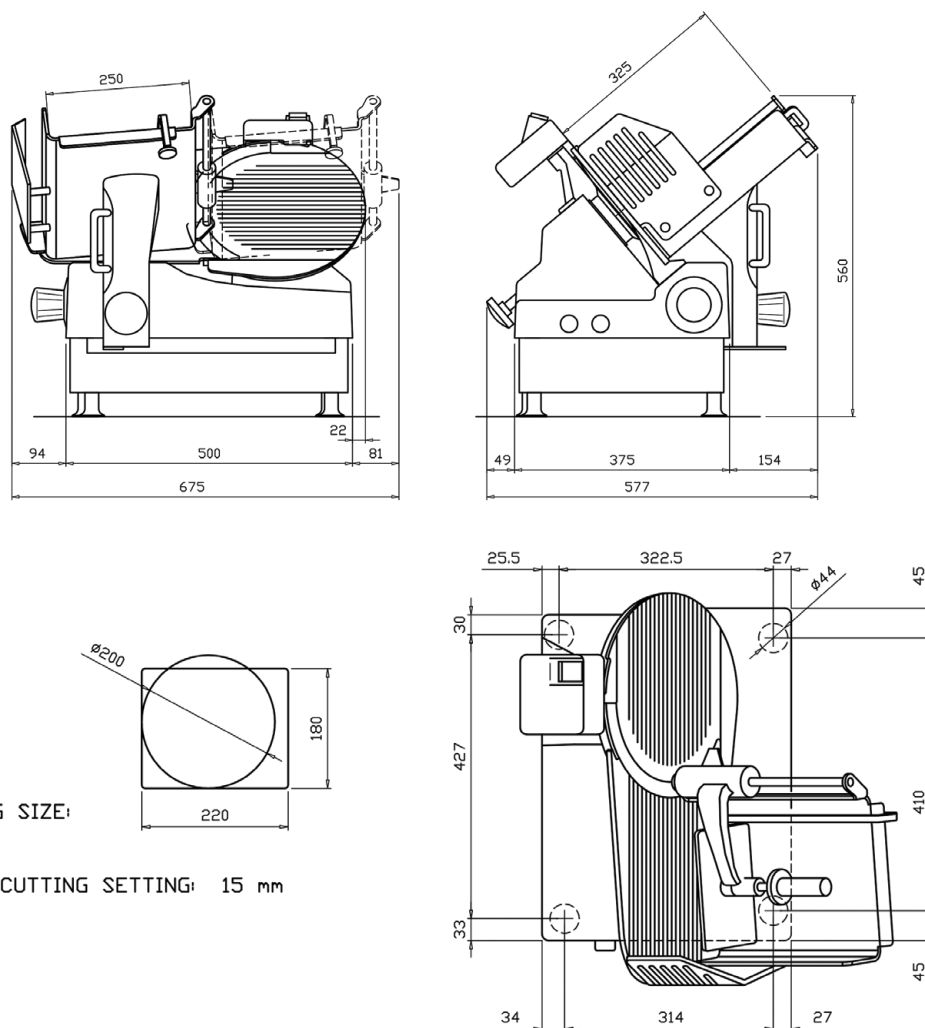

PRODUCT CAPACITY (mm)

Maximum Product Diameter	235 Ø
Maximum Slice Thickness	25
Maximum Length	300
Maximum Height	160

DIMENSIONS (mm)

Blade Diameter	350
Footprint	375 (W) x 500 (D)
Working Area Required	620 (W) x 800 (D) x 680 (H)

Electrical Specification	230 V / 1-Phase / 50 Hz
Motor	IP65 rated water resistant
Weight	48 kg

Specifications may change without notice
