

Platform Scale

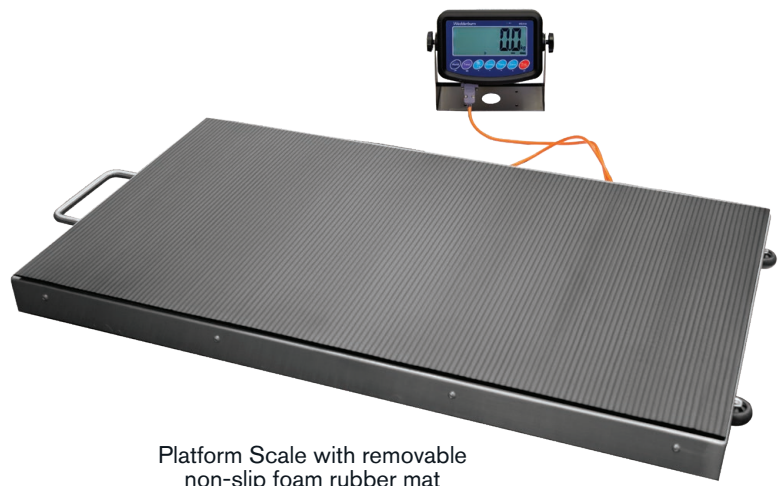

Model : WS208300K

A multipurpose platform scale capable of weighing up to 300 kg. It features a large low-profile steel base with stainless steel cover and removable rubber mat. The many useful weighing functions include; animal weighing mode, counting function and a weight hold function. The non-slip foam rubber mat makes it ideal for accurate weighing of small to medium sized animals in veterinary clinics.

The indicator can easily be fixed to a wall or left freestanding and the strong handle and wheels mean the scale can be repositioned easily by one person.

FEATURES

- large 40 mm high backlit LCD display
- non-slip foam rubber mat included
- animal weighing function
- counting function
- weight hold function
- accumulation function
- target weighing function
- energy saving feature
- automatic off feature
